1. Introduction

As stated in the Sports Authority of Gujarat's mission statement, this authority will promote and develop sports activities in line with the sports policy of the state and the Government of India.

The following two objectives are ascertained from the ongoing activities of this authority. **Promoting Sports among Citizens:**

Students, youth, men and women and senior citizens etc. are encouraged to participate in various sports by promoting sports in rural, taluka, and district, municipal and metropolitan areas.

Fostering Excellence:

Excellence is encouraged in the field of sports with the aim of developing exceptional skills. Further its quality is enhanced by providing special training, sports equipment and infrastructural facilities. Athletes who have the potential to win medals are scouted for various formal as well as informal competitions and given various types of training.

Both these objectives are complementary to each other. The first objective is to create a favourable environment for sports while the second objective is to concentrate efforts on medal winners in the state.

Strategy Formulation:

Strategy formulation includes various activities to achieve these objectives. Sports Authority of Gujarat implements government schemes related to sports. These schemes are included in the budget of the government. Which was earlier run by the office of the Youth Service Commissioner in consultation with the State Sports Council. Several new sports have been added to the SAG since its inception.
